

DISCYPLES

Well one month of 2010 is past. This is going to be a great year I know it! This month on Sunday nights we are going through the study of Crazy Love! I'm really excited about it! Then the beginning of March we will be going to the Silver Ring Thing! This is an event that is being held in Florence on the 6th of March! The people who put this on travel all across the Country challenging Youth to remain pure until marriage! This will only cost \$5 if the tickets are purchased together or \$8 at the door! I will have more info for everyone very soon! Thanks for your time!

Your Friend And Brother In Christ,

SERVICE

February is here and that means it's time to party! We will be volunteering at the St. James High School Valentine's Dance for Special Needs Students again. We had such an awesome time last year and had so much fun with the students and parents. If you were not able to go, I encourage you to consider going this time. I will have more information about where, when, and what to bring soon, so keep looking out for it. We will also be having our first Saturday back at the Community Kitchen this year. It will be on Saturday, February 20th from 8:30am till about 1:00pm. There is a sign up sheet on the resource counter and if you have any questions about working at the Community Kitchen please let me know. I am extending the collection for the Soldier Care Package till Sunday February 14. There is information about the troop we are serving and a list of items that we could use in the packages on an insert in the bulletin. Please don't forget we are always collecting food and hygiene items for South Strand Helping Hand.

I want to thank everyone who took the time to come to the meeting on Saturday. We had a lot of good discussion and ideas on how to get this ministry moving. I always need the input and support, so thank you all so much! If you were not able to come to the meeting but want to know what went on, let me know and I will get the information to you.

Live Oak is going green! Not only are we recycling aluminum to raise money for a new sign, but we want to save paper (and postage) on our newsletters as well. Please consider letting us email you our newsletter! Let us know !

KID ISLAND

I want to thank the teachers for their time at our Saturday meeting in January. I feel it was a productive meeting since we were able to decide on a new curriculum for the Snorkelors class. We are going with a Hands-on Bible study which is activity based for student teacher interaction on the Bible lessons.

In February we will be updating information cards on the kids so please be on the look out for the cards you will need to fill out and return to the teachers. Also we will start sending an information sheet home with the kids so that you, the parent, will know exactly what the children are learning in class.

Finally we will adjust the ages for the classes again. We are trying to group the kids together so that they are able to get the most out of their time in church in learning about Jesus. The breakdown will be the following: Beach Babies - newborn thru age one, Ocean Explorers - age 2 to 4, Snorkelors - Age 5 thru 1st grade, The Wave - grade 2nd thru 5th. If you have any questions or concerns, please speak with Campbell or myself.

In Christ, Vickie

CAMPBELL'S CORNER

Ahhhh - February, the month of love! WHAT?!? Love month & No Red? About Live Oak going GREEN, going BLACK & WHITE, & avoiding the RED... Our crack technical team works very hard to produce colorful, interesting, and informative newsletters; but like many Live Oak is feeling the pinch of tough financial times. We are trying a Black & White newsletter to reduce printing costs. We hope to be bringing you Live Oak in full living color again very soon. Until then, enjoy this retro-look. And as always thank you for your support.

Now onto matters of Love. On Feb. 7th we will be finishing up our sermon series "The Measure." Hopefully this has been encouraging & challenging for you. BUT THE BIGGER NEWS FOLLOWS: On Feb. 14 we will begin to explore "Wave, Twuu Wave," er, umm, excuse me I meant explore "LOVE, True Love." Not the romantic stuff we see onscreen (big & small), nor the stuff we read about in paperbacks, but a LOVE so amazing that we cannot imagine it... a LOVE so far-reaching that we cannot help but be transformed by it. We are going to begin a sermon series & small group study focused on God's *Crazy Love* from the Francis Chan book of the same name. I want to encourage everyone to be present for this series, but more importantly to look for some ways to let this series/study permeate us and to impact those around us. This will be an incredible time to invite friends or family members to church with you. We will be providing resources to help people talk about what we are learning and to see God's love in a new way. Please be praying now about whom God wants to touch through you!

Crazy Love on Haiti - As you continue to pray for Haiti and the people there, be sure to remember those bringing relief in the early days. The devastation that we see on TV cannot begin to show the reality of the situation. Please remember Dennis & Lori Volk (part of Live Oak's core founding team) who are in Haiti right now. Live Oak needs a Haiti liaison person. If God is calling you to this, please let me know. In His Crazy Love - Campbell
